

MENTAL HEALTH STUDY DAY

Thursday 27th May 2010
Dillington House, Ilminster
9.00 am - 4.30pm

Are you loosing sleep over your Z drug prevalence?
Managing depression—intuitive consulting versus PHQ9 filling?
Do you feel confident in assessing risk of self harm and managing mental health emergencies?
Over the last 2 weeks how often have you been bothered about your mental health prevalence?
Why is the life expectancy of patients with chronic mental health problems so low?

This study day is an important opportunity for Somerset GPs, Practice Nurses and District Nurses to learn more about the current mental health issues, developments and services, update their knowledge, address problem areas and agree future actions.

All SGPET members attend free of charge
