

**Somerset GP Education Trust and Somerset  
LMC invite you to an afternoon session to  
cover :**

**HCA's Preparing to give Flu Vaccinations  
(For HCA's who haven't given Flu Vaccinations before)**

**N.B** You won't go away and be able to do the jabs straight away. You need to go back to your practice to set up a system that works for you and your practice and you will need to be assessed as competent by a senior clinician in your surgery.

On completion of this resource healthcare practitioners will be able to:

- Describe the cause of flu
- Understand how flu is transmitted and the possible effects of flu
- Understand the evidence base for the administration of flu vaccination to those aged 65 years and over and those in clinical risk groups
- Explain which vaccines will be used and the precautions and contraindications to the administration of flu vaccines
- Explain the sequence of steps in flu vaccine administration
- Explain the possible side effects from flu vaccines
- Understand the importance of their role in promoting and providing evidence based information about flu vaccination to patients

**Marion Baker (Somerset LMC), Michelle Davison & Caroline Samuel (Lead Nurse)**

**Thursday 3 September 2015**
