

COUNTY LINES AWARENESS EVENTS

Safeguarding staff working across the NHS and partner agencies, are invited to one of the above events. The aim of the event is to raise awareness around county lines and the coercive process that young people and adults at risk of abuse and neglect may have been through. This may have resulted in them being criminally exploited – a process that can all too easily make it seem as though they have ‘made their own choices’.

Sessions intend to be engaging and powerful and will last approximately two hours, providing the audience with a better understanding of the county lines agenda.

Each session will include a production by AlterEgo Creative Solutions followed by a briefing with Senior Police Officers working on the County Lines agenda, within the region.

Morning and afternoon sessions will be available to book via the link <https://www.events.england.nhs.uk/county-lines-awareness-events> for the following dates/venues

*18th April at Armada House, Bristol, BS1 4BQ
23rd May at Taunton Rugby Football Club, TA2 8BU
3rd July at Copthorne Hotel, Plymouth, PL1 1AR*

Please note that both sessions include lunch. The morning session will begin with registration at 10:30 and end with lunch at 12.30pm. The afternoon registration will be over lunch at 12:30 and the session will end at 15:30.
