

New to Practice General Practice Fellowship GP Programme

Who?

Open to any GP who has completed training and qualified since July 2019 and is now working in a substantive role in a Somerset general practice (salaried employee or partner)

What?

A 2 year rolling programme of support and resources organized and tailored by Somerset Training Hub to meet your needs and aspirations as a new GP.

Four main elements:

1. Support and Networking with - Induction into working in primary care in Somerset, Mentoring from established GP, Coaching from qualified coach, networking and peer support with other new GPs in Somerset and the South-West
2. Programme of Learning and Development to help you have the important clinical, management and professional skills and knowledge you need as a new GP. Includes monthly half day teaching, time for personal learning and free access to all SGPET activities including First 5 meetings, update courses, study days and online resources
3. Opportunities to explore and experience opportunities for wider working beyond your practice, across the PCN or other sectors to help you develop additional skills and progress your career plans
4. Funding paid to your practice to enable you to have time to make the most of the programme. £7,200 paid a year to the practice for GP working full-time and adjusted downwards pro-rata

When?

Commencing September 2020

Where?

The teaching programmes are flexible to make them more accessible. Personal learning can make use of the wide range of expertise and resources across Somerset and the region. Any practice in Somerset can apply for funding to support GP Fellowships for eligible GPs

Why?

Because making the transition from GP training to working in a practice, being part of a team, in a new PCN, can be hard work. Having help, getting advice, acquiring useful skills, making new friends and supportive relationships can all make a difference with this important first step in your career as a GP
