

# Would you like to be a Sample Taker Assessor?

## Assessors needed

Assessors are required to support the clinical assessment of trainee cervical cytology sample takers in your area, DTH are recruiting experienced current sample takers to carry out the final assessments.

You will be required to arrange one visit to the trainee for approx 2-3 hours to observe sample taking and carry out a final assessment, there is a £75 payment for each assessment completed.

You will need to attend an annual assessor update virtual session and you will have the support of a clinical educator
