### Miss Helen Bayliss

Consultant Gynaecologist with special interest in menopause  
MBChB FRCOG DFSRH

I have been a Consultant in Obstetrics and Gynaecology for 13 years, and have developed a special interest in the care of women experiencing symptoms of menopause and perimenopause. I understand well the problems associated with the diagnosis and management of menopause and the impact that symptoms may have for women both at home and in the workplace. Within my role as a NHS Consultant I have been the lead of the specialist menopause service for the last 5 years. I am a Fellow of the Royal College of Obstetricians and Gynaecologists and also a Diplomate of the Faculty of Sexual and Reproductive Health and Chair of the Welsh FSRH. My current role affords me Lead for Integrated Sexual Health and Menopause within Cwm Taf University health board, South Wales.

### Dr. Jon Rees

GP Partner, GPSI in Urology  
MB ChB MD MRCS MRCGP DRCOG

Jon Rees trained in Urology in Taunton and became a Member of the Royal College of Surgeons in 1999. He then spent 3 years completing research into the impact of prostate cancer on the quality of life of men and their partners, and was awarded his MD thesis in 2003. In 2004 he switched to General Practice and is now a partner at Backwell & Nailsea Medical Group in North Somerset. He continues to work in Urology, providing a primary care diagnostic urology service to 3 CCG's, including a community based LUTS, Haematuria and raised PSA one-stop service. He was a member of the Guideline Development Group for the NICE 'Lower Urinary Tract Symptoms in men' Clinical Guideline, published in 2010 and an Expert Advisor to the NICE Quality Standard for Prostate Cancer in 2015.

ELL-2022-0044 DOP: June 2022

Please continue to report suspected adverse drug reactions and device failures with any medicine or vaccine to the MHRA through the Yellow Card Scheme. It is easiest and quickest to report adverse drug reactions and device failures online via the Yellow Card website: <https://yellowcard.mhra.gov.uk/> or search for MHRA Yellow Card in the Google Play or Apple App Store. Alternatively, you can report via some clinical IT systems (EMIS/SystmOne/Vision/MiDatabank) or by calling the Commission on Human Medicines (CHM) free phone line: 0800-731-6789. Adverse reactions/events and device failures should also be reported to MAH at e-mail address: [pv.uk@viatrix.com](mailto:pv.uk@viatrix.com).

*This invitation is intended for healthcare professionals residing in the United Kingdom.*
