

Advanced Practice South West Research Skill Development Event

Thursday 15th September 2022 09:00– 12:00

Are you working in Advanced Practice in the South West and want to develop your ability to fulfil the Research Pillar?

Our event is an opportunity to engage with clinicians and academics from across our region who are motivated to develop research skills into everyday Advanced Practice

- ☐ Inspirational keynote speakers and influential special guests, including esteemed Academics
- ☐ Learn to identify and develop your research skills within everyday practice
- ☐ Join the South West AP Research Network
- ☐ Obtain support for local research ideas and projects
- ☐ Opportunity to develop your mentoring experience
- ☐ Develop your Regional Professional Network
- ☐ Link with conference opportunities
