Education Newsletter

March 2023

Welcome to the latest issue of the Somerset End of Life Care Education Newsletter!

Please find a summary of EOLC education updates and events across the Somerset network; feel free to forward this newsletter on to anyone who may find it of interest.

Somerset End of Life Care Conference – 14th September 2023

Do you have something to share with the Somerset End of Life Care network? Would you like to present a project, introduce your service or give a case study about the care you give? Then we want to hear from you! We have 20 min and hour long slots across the conference day...plus presenters get a FREE conference ticket!

[Click here](#) to fill in your details and we'll be in touch

You can also pre-register for the conference [here](#).. tickets are on sale from May 1st!

End of Life Care Sunset Workshop

For the first time we're bringing Sunset Workshops to Somerset; a more relaxed affair than our big conference day, these workshops will offer speed learning, interesting mini-talks, wellbeing options, networking, ethical round table discussions and a delicious buffet supper. The first workshop is planned for the evening of the 14th September, you can sign up to hear more [here](#)

Heart Failure Video

Marie Curie Talk About

Heart Failure – updated guidance and NEW video

Dr Ed Hayes has produced an excellent short video to help staff better understand and support those with heart failure at the end of life. Click on the image to see the video. You can see all the Heart Failure advice for Somerset, including the symptom management guidelines, by navigating to the Heart Failure section on the Somerset End of Life Care website

Somerset Heart Failure Guidance - The Video

Talk About project

Don't forget to refer individuals to the Talk About project! It's a fantastic service run by Marie Curie to help everyone to start to think about Advance Care Planning

Coming soon..

We had a great day recording with Fluellen Medical Actors this month to create our new multi-choice communication video.. a fully interactive experience using VR technology! We can't wait to show you more once its fully edited, it's a really exciting new way of educating.
