

Equality in Practice

Equality, diversity and inclusion are enshrined in law, NHS contracts and the NHS Constitution.

This interactive workshop, provided by NHS Somerset Integrated Care Board, is designed to support your practice in meeting its duties when providing patient care and in employment.

Below are the standard topics covered within this workshop, but we can tailor this to meet the specific needs or demographics of your practice.

- **Equality legislation and how it applies to you**
- **The benefits of “allyship”**
- **Challenging biases**
- **Patient and staff experiences**

The workshop is suitable for all practice colleagues and can be provided online or face-to-face.

Contact: somicb.equality@nhs.net for more information.
