

# Could advanced practice work in your services?

## Who

Leaders who oversee a range of clinical services or pathways.

Leaders wanting to identify services in their portfolio that are 'ready' for advanced practice.

## Time

This is a one-off 60-90 minute workshop.

Thursday 6th June 12.30-2pm, please email [AHPfaculty@somersetft.nhs.uk](mailto:AHPfaculty@somersetft.nhs.uk) to book your place and receive the teams invite.

You may wish to have on-going discussions following the session.

## Prep

None needed.

If you'd like to learn more about advanced practice before the session, the Centre for Advancing Practice website is a good place to start, but a full introduction will be covered in the workshop.

## What

Introduction to advanced practice

Introduction to service framework to assess service challenges, fit for advanced practice and readiness for change

## Why

Supportive and standardised approach to Workforce Transformation.

Unlock potential for advanced practice in emerging areas.

## Next

Work with identified pathway to understand how advanced practice could work in that area.

Further workshops can be undertaken to create a shared service vision.
